## Fellowship Dinner Teams

Note: Remember the leader is responsible for calling members a week ahead to remind them of their duties. If a member of the team cannot be present, they are responsible for trading with someone or finding a replacement. This is not to be placed on the leader. The leader should acquire a key from the Deacon on Sabbath morning and make certain the facility is open and ready to receive food. The entire team should assist with serving of food and clean up. On weekends that it's a church wide dinner, the team simply has more people, but their duties are the same.
